## Tiles made from Nabbi Beads on Peg Boards

This tile-like “place mat” is made from Nabbi Beads on peg boards. The Nabbi Beads are put onto the pegs in patterns according to your own imagination. Baking paper is placed on top and the beads are melted together by the heat from an iron.

Fuse Beads,  
medium , size 5x5  
mm, standard  
colours,  
5000mixed, hole  
size 2.5 mm
