A Wedding invitation & Table Decorations with Fingerprint Hearts

The invitation, the menu card, place cards and table decorations are all in off-white and are from the Happy Moments series. Here they are decorated with the bride and groom's fingerprints as red hearts using a stamp pad with red ink.

The groom and the bride both push their finger onto the stamp pad with red ink. They then put a fingerprint (one on top of the other at an angle to make a heart). NB: It may take several attempts to get it right.

Another example

Attach the printed menu onto the inside of the printed greeting card.

Scan the best print and complete it with your chosen text. Put a piece of off-white hammered effect paper in the printer and print out the desired quantity. Trim the prints and attach them to the invitation/menu card/place card using double-sided adhesive tape.

A TIP! You may add some sweets to the boxes, intended as table decorations at each place setting.
