## A Halloween Door decorated with a large Skeleton and Bats

This large skeleton hanging on the door glows in the dark when the light is turned off. The skeleton has a sign in his hands written on a piece of card. In addition, the door is decorated with foam rubber bats and with text made from card. These parts are made using a printable template (available separately for this idea) and attached to the door using double-sided 3D tape.

Template

Skeleton, H: 120 cm, 300 g, white, 1pc 23592

Foam Clay®, neon orange, 35g 78928

EVA Foam Sheets, A4 21x30 cm, thickness 2 mm, black, 10sheets 79034

Card, A4 210x297 mm, 180 g, mandarin, 20sheets 21113

Card, A4 210x297 mm, 180 g, lime green, 20sheets 21122

3D Tape, W: 12 mm, thickness 2 mm, , 5m 24648

3D Tape, W: 12 mm, thickness 2 mm, , 15m 24695
