A Shopping Bag with a Leaf Design and an embroidered Border

This shopping bag is decorated with a leaf design which is printed onto a transfer sheet and then ironed onto the front of the shopping bag. A border is embroidered around the print using back stitches.

Iron the shopping bag. Print a design onto a transfer sheet. This design is available for printing out as a separate PDF file for this idea. Turn the transfer sheet so that the chequered side faces upwards.

Place the design (facing upwards) onto the shopping bag and put a piece of baking paper between the design and the iron. Follow the ironing instructions on the transfer sheet packaging.

Separate the backing paper from the transfer.

Sew back stitches along the border, framing the design.

Shopping Bag, size 38x42 cm, 130 g/m2, white, 1pc 44549
