

## Dabbing Technique on Porcelain

STEP BY STEP 1 2 3  
Inspiration: 15082

Wipe the porcelain prior to decorating to ensure a non-greasy, clean and dry surface. Dab A-Color paint on with a foam stencil brush. You may mix several colours in the same shade and make soft transitions. Leave to dry for 24 hours. You may wipe the surface with a damp cloth.

Porcelain Mug, H: 10 cm, D: 6.9-7.4 cm, white, 1pc 555970

A-Color Glass Paint, turquoise, 30ml 31395

Foam Stencil Brushes, D: 13+20+25+35 mm, 4pcs 104090

Foam Stencil Brushes, D: 13-20-25-35 mm, 12pcs 10409

## Dabbing Technique on Porcelain

If the porcelain product doesn't need to be dishwasher safe after decoration, then A-Color Glass is an obvious choice. This paint is ideal for dabbing on with a foam stencil brush and doesn't need fixing in an oven when dry. The decorated surface can be cleaned with a damp cloth.
