

Lovely decorated glass jars with a candle holder

These storage jars with a candle holder are very decorative and practical. Cut a decorative card border and place it inside the jar. Decorate the outside of the jar with 3D liner, providing a lovely sense of depth to the design. The jar may be used for, for example, small prayer candles.

Inspiration: 16200

How to do it:

Cut an approx. 8 x 28-29 cm piece of card. Cut a simple design which will work as a back ground.

2

Place the finished card border inside the jar so that it fits all the way along the inside of the jar.

3

Dry/wash the outside of the jar and leave to dry.

4

Decorate the outside of the jar with 3D liner. Leave to dry.

A tip

You may choose to decorate the jar with glass & porcelain markers. Remember to fix the jar in the oven at 160°C for 30-35 minutes WITHOUT the lid and the card border.
