How to do it:

Paint the money box with acrylic paint in your chosen colour. Apply two coats and leave to dry.

2

Make eyes and cheeks with a foam stencil brush; push down, twist and lift.

3

Add further details with Posca markers.

4

You may apply a coat of varnish for a more durable surface.

A tip

When varnishing a surface with Posca marker details, varnish only lightly as the marker may smudge.
