Paint the head and the hands in a colour that matches the colour of yarn that will be used for winding

**4**

Attach power tape onto the head to keep the yarn in place.

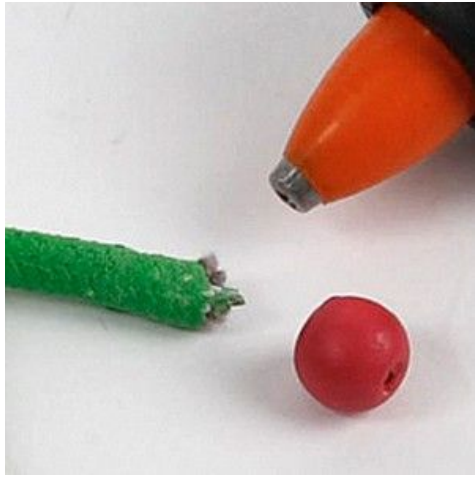

**5**

Wind the yarn around the ball until it is covered. You may use an occasional glue dot to keep the yarn in place.

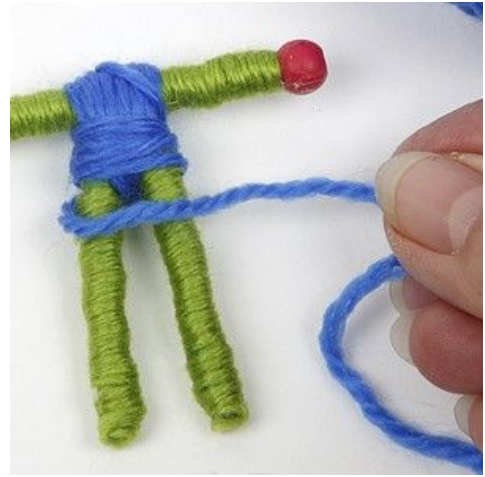

**6**

Attach the mobile phone strap by feeding the yarn through the strap during the last three rounds of winding. Tighten and secure the end of the yarn.

**7**

Glue on the hands.

**8**

Attach power tape onto the wrists and ankles. Wind the yarn around the arms, legs and body. Now wind on clothes in a different colour. First across the shoulders and between the legs and then across.
