

## Felt Owls with a Print

Owls with eyes and a beak made from plain felt with a decorative print on the front using a stamp and fabric paint. Make it into into a cushion with decorative ribbon at the side for feathers and at the top. Fill it with stuffing and plastic pellets.

**Inspiration: 13985**

**1.**

Print and cut out the template which is available as a separate PDF file for this idea. Place the body template against the fold in the felt and cut out.

**2.**

Cut out the beak and the pupils with a normal pair of scissors and use pinking shears for cutting out the actual eyes.

**3.**

Make patterns on the tummy by applying Textile Solid fabric paint to a foam stamp and pressing it onto the felt. A TIP: use a foam stencil brush for applying the paint to the stamp. Leave to dry.

**4.**

Cut a total of five pieces of ribbon for feathers for the owl's head and sides. Fold them in half and pin them between the two pieces of felt as shown.

**5.**

Sew the body together along the edge, inner side against inner side. NB: Remember to leave a hole for adding the stuffing.

**6.**

Glue on the eyes and the beak.

**7.**

Fill it with stuffing.

**8.**

To stabilize the owl's balance point, fill the lower part of the owl with plastic pellets. Sew the hole together.
