

A Mirror Collage

Paint a canvas panel black and glue on a piece of aluminium foil with glue lacquer. Glue on torn paper with a glue stick.

Inspiration: 10582

1

Paint the canvas panel black and glue on a piece of aluminium foil on top.

2

The torn paper is easy to glue on with a glue stick. □ The mirror-like base can be aluminium foil, mirror foil, metallic paper/card or Imitation Metal Leaf. □ Here we play with the contrast between a mirror-like background and the matt surface of the torn paper.
