

## Hair band

A lovely hair band decorated with an organza flower.

Inspiration: 11277

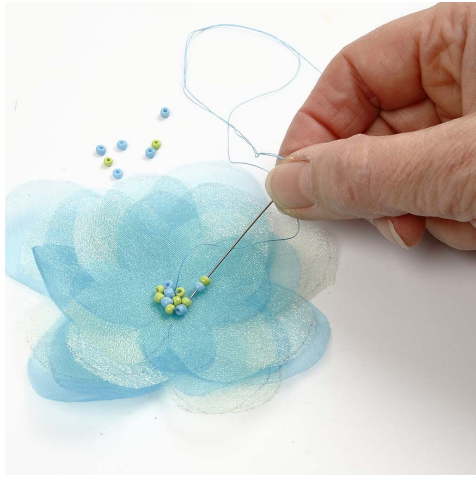

**1**

Cut some long thin strips of organza to cover the hair band. Also, cut out four or five flowers.

**2**

Twist the long strips around the hair band. Attach the organza with the glue gun.

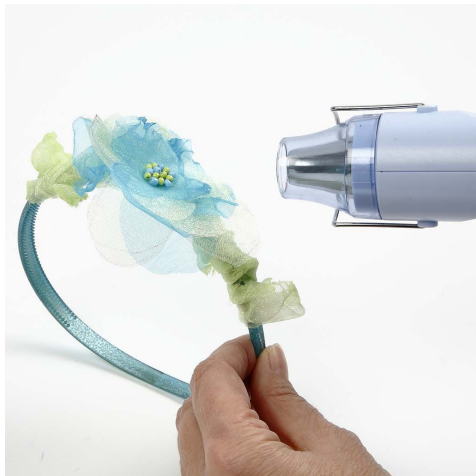

**3**

Stagger the cut-out flowers and sew them together in the middle. Decorate with sewn-on beads.

**4**

Glue the flower onto the hair band with a glue gun.

**5**

Finally heat with a heat gun. The organza will shrink so be careful and only do a small area at a time. Heat all the way around the flower.
