

Magnetic creatures for the fridge

Cool and simple fridge magnets made from wood buttons with magnets. Flexible rope and wood is added and a Pyrography tool is used for decorating the wood buttons. You can attach magnets under the creature's body, hands and feet etc.

Inspiration: 11346

1

First draw then burn a design on a large wood button.

2

Glue on fur for hair.

3

Use flexible cord for arms and legs. Glue onto the back.

4

Glue 3-4 magnets onto the back.

5

Use small buttons to glue on as hands and feet.

6

And done! ☑ One troll for the fridge.
