

Papier-Mâché with Wood Veneer

Papier-mâché bird boxes covered with hand-made paper and wood veneer using VTR adhesive.

Inspiration: 12054

1

Paint the edges of the lid with Plus Color.

2

Brush the sides of the birds with VTR adhesive and cover with hand-made paper.

3

Draw the shape of the bird box lids onto wood veneer and cut out.

4

Attach the bird wood shape onto the lids with special extra strong double-sided adhesive sheet.

5

Make holes in the middle of the lids with an eyelet tool.

6

Fold a piece of the leather cord into 3-folds, long enough to tie a knot and to attach a wood bead at both ends (approx. 10cm).

7

Tie a knot in one end and thread on a wood bead.

8

Insert the cord end into the hole of the lid.

9

Attach another wood bead onto the leather cord from the inside of the lid. Glue it on on the inside of the lid.
