

Gauze Bandage Tealight Candle Holders

These little tealight candle holders are made from gauze bandage placed over a plastic cup. They have been painted with diluted A-Color matt paint on the outside and Art Metal paint on the inside.

Inspiration: 12451

1.

Soak pieces of gauze bandage in water and place them over a plastic cup. Let them dry.

2.

Paint the outside of the tealight candle holder with diluted A-Color matt paint.

3.

Paint the inside of the tealight candle holder with Art Metal gold paint.
