

Silicone Bracelets with Glass Charm Beads

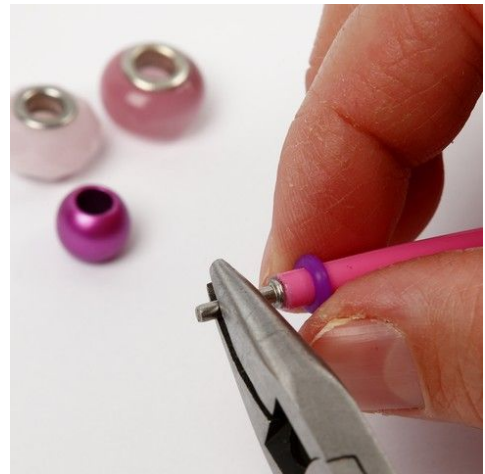

A silicone bracelet with a built-in fastener decorated with glass charm beads and plastic beads. An easy activity which can be varied for a necklace by adding more silicone pieces together.

Inspiration: 12967

1.

Decorate the bracelet with glass charm beads and plastic beads.

2.

Pull stop rings onto the bracelet using pliers. The stop rings keep the beads in place.

3.

Thread plastic beads and glass charm beads onto the bracelet in the desired order. Place stop rings onto the bracelet between the beads.

4.

Adjust the bracelet in length and fasten using the built-in fastening mechanism.
