

## Fabric Hearts with a Button and 3D Gold Liner

The ready-made fabric hearts have been decorated with Vivi Gade Design buttons, wooden beads and a 3D gold liner.

**1.**

Untie the knot on the fabric heart's string for hanging. Thread two wooden beads onto the string and tie a knot.

**2.**

Use the 3D liner for outlining a heart-shaped border on the front of the heart. Let it dry.

### 3.

Glue the button onto the middle of the heart, inside the golden frame. You may choose to sew on the button rather than gluing it on.
