1

Fold the paper and cut-out the pattern – repeat with another piece of paper.

2

Push one end from the left side into the right half.

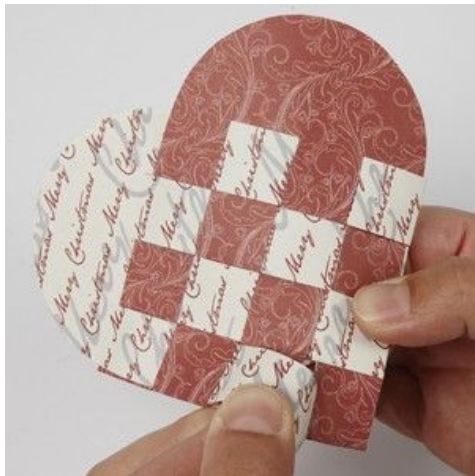

3

Weave the other strips alternately through and over each other.

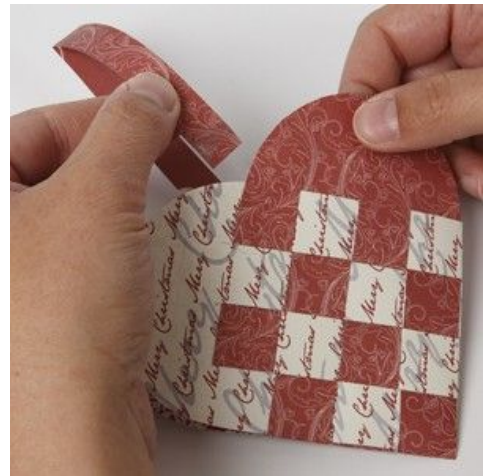

4

Repeat with all ends.

5

Finally insert the last paper end into the last paper slot from the other half of the heart.

6

Cut a paper strip for the handle and attach it onto either side of the inside heart with double-sided adhesive tape.

7

Cut off the legs of a brad.

8

Glue the brad onto the heart using a glue gun.
