**1.**

Trim the paper so it is 2cm smaller all around than the front of the greeting card. Attach the paper onto the front of the greeting card using double-sided adhesive tape.

**2.**

Cut a piece of the netted fabric table runner the same width as the width of the of greeting card. Adjust the height of the netted fabric according to your own taste. Attach with double-sided adhesive tape.

**3.**

Open the greeting card and lie it flat. Attach double-sided adhesive tape horizontally from one edge to the other. Close the greeting card and attach a piece of ribbon onto the front and back. Attach a tied bow onto the ribbon.

**4.**

Attach the wooden flower onto the front of the greeting card using 3D foam pads.
