

## Papier-Mâché Cone & Tea Light Holder decorated with Driftwood

The papier-mâché cone and the tea light holder for four tea lights have been painted with Art Metal copper paint. They are then decorated with glued on beads and mixed small pieces of wood.

Inspiration: 13696

**1.**

Paint the cone and the tea light holder with Art Metal copper paint (you may also paint the metal holders which come with the tea light holder). Allow to dry.

**2.**

Use a glue gun for attaching the small pieces of wood. Allow some space between some of the pieces of wood for attaching beads.

**3.**

Attach the beads according to your taste.  
Use a glue gun.

**4.**

You may paint some of the pieces of  
wood with the same paint as used for  
priming the items (Art Metal copper paint).
