

## A natural Wreath for Pillar Candles with flat Bonsai Wire

This wreath is made from light natural branches. Candle holders for pillar candles are attached and it is decorated with flat bonsai wire, tinsel, beads on floral wire and real "greens".

**Inspiration: 13694**

**1.**

Fill silver tinsel between the spaces between the branches on the wreath. Wrap floral wire around the wreath and thread on beads as you go along, evenly spread.

**2.**

Decorate the wreath with a bow and ribbon, shaped from flat bonsai wire.

### 3.

Attach the bow and the ribbon made from flat bonsai wire onto the wreath together with the candle holders. Decorate the wreath with some green leaves and flowers which are randomly attached with deco pins.
