

Painted wooden Letters decorated with Patterns

Each wooden letter is primed in one colour on both sides while another colour is used for the edges. Then the letters are decorated with patterns in other colours using your imagination. Use Plus Color craft paint and copper Art Metal paint.

1.

Paint the letters with Plus Color craft paint. You may use two colours; one for both sides and another for the edges.

2.

Use the brush handle for making dots with Plus Color craft paint.

3.

Use a brush for making stripes on the letter using copper Art Metal paint.
