

## Unleash your Imagination with finger paints

A table mat and an illuminated glass made with finger paint. The paper is laminated when dry.

Inspiration: 1415

**1**

Paint a picture with your fingers.

**2**

You can cut the picture in half for the illuminated glass.

**3**

Place the picture in a laminating pouch.

**4**

Run the picture through the laminating machine.

**5**

Cut of the excess foil.

**6**

For the illuminated glass, make holes in the sides with a hole puncher.

**7**

Gather it with pipe cleaners.
