

Painted and Marker-decorated white Card Construction Pieces

These white card construction pieces are painted with A-Color acrylic paint. Drawings and text are made on drawing paper using Colortime markers and are then glued onto each construction piece.

Inspiration: 14222

1.

Paint the pieces in different colours using A-Color matt acrylic paint. Leave to dry.

2.

Use Colortime markers on drawing paper for drawing designs and matching texts. You may write the following text to match a drawing of an apple; 'an apple a day keeps the doctor away', '5 a day' or similar. Cut out.

3.

Attach the design onto one side and the text onto the other side of the construction piece using a glue stick.
