

## A green and white Invitation and Table Decorations for a Confirmation Party

An invitation made from a double greeting card decorated with a black piece of textured paper and a white piece of paper with black text. It is decorated further with a card sticker, Masking Tape and self-adhesive rhinestones. Everything (including the ribbon and the decorated manilla tag which is tied around the rose) is from Happy Moments.

**Inspiration: 14575**

**1**

Write a black text. Print it out onto white paper. Cut different sizes from the printed paper and black textured paper; the latter slightly bigger. Attach onto the front of the greeting card using a glue stick.

**2**

Attach Masking Tape across the card and then a card sticker on top (the silhouette). Use the supplied foam pads for a 3D effect.

**3**

Decorate with self-adhesive rhinestones.

**4**

Glue the card sticker onto the manilla tag with a glue stick. Tie a ribbon onto the manilla tag and then around a long-stemmed rose.

**A TIP!**

Using the same Masking Tape as the one used for the invitation, you can easily create a common theme in the table decoration. Here the Masking Tape is attached around a pillar candle and decorated further with a glued-on card sticker.
