1

Print text on white textured paper for the invitation, the menu card, the place card and the round gift tag for the box. Make fingerprints as hearts on all prints using a stamp pad with red ink. Leave to dry.

2

Attach the coloured and white textured paper in layers according to size using double-sided adhesive tape. Here the menu card is cut to size from black card (based on the amount of text).

3

Cut out the gift tag using the Shape Cutter Plus with a round template. Both from Fiskars. Assemble the box and the lid (you may enter 13591 for instructions on how to fold the box). Tie a satin ribbon around the box with the round gift tag.

A TIP: Scatter glass deco stones on the table for easy additional table decoration.

5

A TIP: Put chocolates in an organza bag and place it as a small wedding favour next to each person's place setting.
