1

Write a name on the place card. Fold it. Attach a self-adhesive heart-shaped sticker decorated with small rhinestones.

2

Write and print out an invitation/menu. Attach the print inside the tri-fold card with double-sided tape. Close the card. Decorate with a ribbon glued on like a waistband. Attach a card heart on top, decorated with a rhinestone heart sticker. NB: only attach one half of the card heart.

3

Fold the card box following the score lines. Attach ribbon around the box with either glue or double-sided tape, but not on the lid. Decorate the lid with a large card heart (attached with 3D foam pads), and decorate with a rhinestone heart sticker. A TIP: Decorate the box further with rhinestones.
