

A Wall Clock with a painted Face and Frame

The clock face and the frame of this wall clock are painted with Plus Color craft paint. When dry, the two parts are glued together. Numbers from 1-12 are written on the frame using Uni Posca markers in different colours.

Inspiration: 14757

1

Paint the clock face and the frame with Plus Color craft paint. Leave to dry.

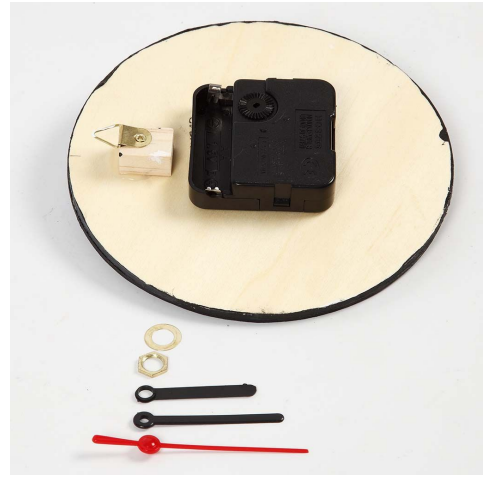

2

Glue the frame onto the clock face using Clear Multi Glue Gel. You may use clips to keep the frame in place while it dries.

3

Write the numbers 1 to 12 on the frame using Uni Posca markers in different colours.

4

Attach the clock hands and the clock mechanism following the instructions supplied with the wall clock.
