

## A Fabric Placemat with coloured-in Designs

This fabric with black designs are coloured-in with textile markers. The fabric is then cut to the size of a placemat (A3) and laminated.

**Inspiration: 14328**

**1**

Colour-in the designs on the fabric. (A TIP: More than one person can participate at the same time).

**2**

Cut the fabric to your chosen size. (A TIP: Use a transparent A3 laminating pouch for guidance. Cut the circumference slightly smaller. See the next step).

### 3

Place the fabric inside the laminating pouch and laminate once warm (A TIP: as an alternative to laminating, you may attach neutral, transparent sticky back plastic).
