

A Greeting Card with a Nabbi Bead Design

The front of this greeting card is decorated with a glued-on Nabbi bead design which is made on a peg board. Text is written with a black marker.

Inspiration: 14634

1

Write text on the front of the greeting card.

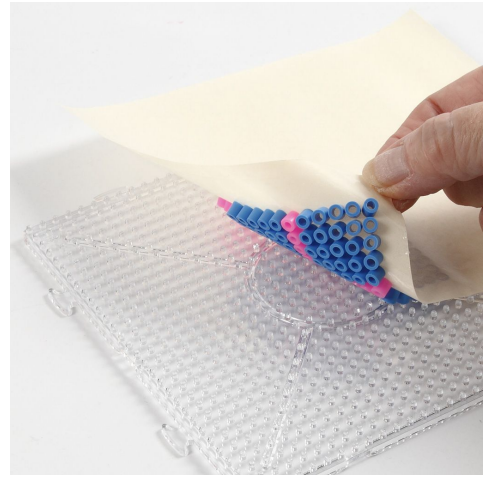

2

Make a design from Nabbi beads which fits inside the measurement of the greeting card. A TIP: use a transparent peg board. This way the design can be made to fit the card measurements.

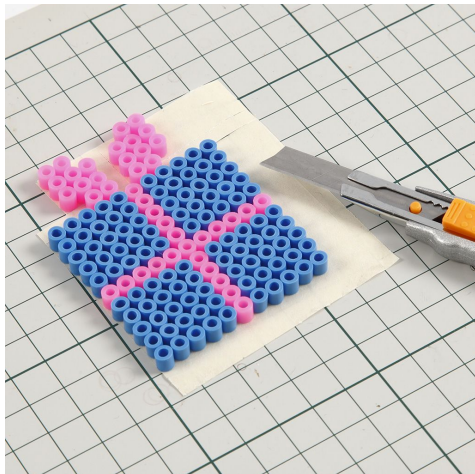

3

Remove the protective layer on one side of the double-sided adhesive sheet. Place the adhesive side on top of the Nabbi bead design on the peg board and smooth out.

4

Lift the sheet from the peg board. Now the Nabbi bead design is stuck to this sheet.

5

Trim the edges as close to the design as possible.

6

Remove the protective paper from the back of the Nabbi bead design and attach the design onto the front of the greeting card.
