

A Unicorn Keyring Fob with a Tulle Pom-Pom

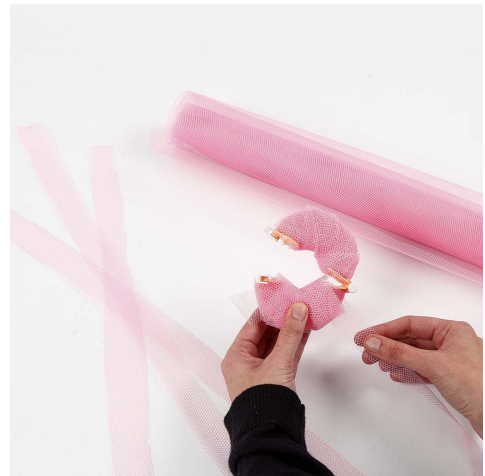

This pre-printed unicorn design on shrink plastic is coloured in with colouring pencils. The design is cut out, a hole is made with revolving punch pliers and it is shrunk to 1/3 of its original size in a household oven. A tulle pom-pom is made on a pom-pom tool. The pom-pom and the figure are attached to a keyring.

Inspiration: 14849

1

Colour in the pre-printed design on the shrink plastic sheet using colouring pencils. Cut out the figure with a pair of scissors and make a hole at the top using punch pliers. Shrink in the oven to 1/3 of its original size.

2

Cut 4 cm wide tulle strips and wind the strips of tulle around the pom-pom maker. Close it and cut open the tulle along the groove between the two discs.

3

Attach the unicorn and the tulle to the keyring using the cord in the pom-pom and two round jump rings which are closed using flatnose pliers.
