

A Wedding Place Card made from a Card Heart with a Flower

Punched-out card hearts are used as simple wedding place cards. The place card stands on its own supported by a flower which is pushed through a hole in the card heart.

Inspiration: 15183

1

Make a hole in the card heart with a screw punch.

2

Write a name on the heart.

3

Push a flower through the hole so that it supports the place card.
