

Hair Accessories with Flowers made from Velvet Ribbon and Buttons

Decorate your own hair bands and hair clips with flowers made from velvet ribbon with buttons glued on with a glue gun.

Inspiration: 15538

1

Cut a velvet ribbon into 20 cm long pieces. Gather the ribbon by sewing up and down with tacking stitches along the edge. Tighten to make a round flower and tie a knot.

2

Glue buttons onto the flower using a glue gun and then glue the finished flower onto the hair band.

3

Also glue the finished flowers onto the hair clips.
